

HRWP 850 - 1500

Combined storage tank heat pump, solar HRWP 850 - 1500

Application

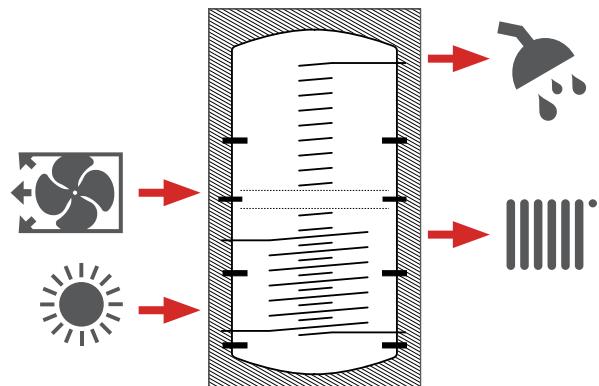

The combined system storage tank for the heat pump. With clear zone separation thanks to polyethylene separation baffles. Hygienic hot water preparation thanks to built-in stainless steel corrugated pipe.

Corrosion protection for parts with drinking water contact

Stainless steel

External corrosion protection

Powder coating

Heat insulation

Type 850-1000: 110 mm PU rigid foam half-shell with soft sleeve

Type 1500: 110 mm half-shell made of EPS with ABS sleeve

Model overview HRWP 850 - 1500
